

ZeRound²

Smartwatch with circular color touchscreen

- I tell time
- I ring and vibrate on incoming calls
- I display SMS, emails, calendar events & social networks notifications
- I track your steps, distance, calories and sleep
- I control your smartphone's music player
- I can remotely trigger your smartphone's camera

Available colors

ZeRound² is an elegant smartwatch with a built-in microphone and speaker that allows you to handle calls directly from your wrist. ZeRound² is working with all the different aspects of your life, displaying incoming calls, SMS, emails, social media activity and agenda reminders, all within a design circular colour touchscreen.

Equipped with a 3-axis accelerometer, ZeRound² tracks your daily activity so you can keep an eye on your performance and progress. ZeRound² also supports Siri, and Google Now to let you easily interact with your phone by using voice commands. ZeRound² can also be used as a remote control to take pictures and play music without having to look at your phone. ZeRound² features an «Anti-lost» alarm that alerts you if your paired device is distanced and a «Find my phone» function that helps you track it, to get it back. Compatible with iOS 8+ and select Android 5.0 + devices that support Bluetooth BLE, ZeRound² comes with a free mobile app that lets you pick and choose the important information that you want to receive on your smartwatch.

ZeRound² features an interchangeable watch band to fit your personal style and create the perfect accessory for every occasion. You can also customize your watch with any other standard 22 mm watchband. ZeRound² helps you stay healthy, connected and motivated in style. Once in your possession you'll wonder how you managed before it.
